

## AKPHIL 5 Modelle, Theorie, Experiment I

Zeit: Mittwoch 14:00–15:00

Raum: P1-01-306

### Hauptvortrag

AKPHIL 5.1 Mi 14:00 P1-01-306

Theories vs. Models for Elementary Particles and Phases —

•GERARD EMCH — Department of Mathematics, University of Florida

Some of the current views on the dynamical roles of modeling in theory building will be reviewed, and then discussed specifically for the practice in elementary particle and condensed matter physics.
