09:30-09:45	Massopoulos			Poon								Pagonabarraga			
09:45-10:00															
10:00-10:15				Seifert								Kapral			
10:15-10:30	Symposium Rheology	Liquid Crystals + Polar Fluids	New Materials	Bocquet						Polymerphysics	Thin Films		Roke Prize Talk		
10:30-10:45															
10:45-11:00															
11:00-11:15	Friedrich			Symposium Driven Soft Matter	Symposium Rheology	Confined Fluids					Colloid Dynamics	Dellago	Interfaces	Biopolymers Biological Systems	Molecular Dynamics
11:15-11:30															
11:30-11:45															
11:45-12:00															
12:00-12:15															
12:15-12:30															
12:30-12:45															
12:45-13:00															
13:00-13:15															
13:15-13:30															
13:30-13:45															
13:45-14:00															
14:00-14:15	Richtering			Gompper								Lavery			
14:15-14:30															
14:30-14:45				Zippelius											
14:45-15:00	Symposium Rheology	Colloidal Fluids	Electronic + Optical Properties						Symposium Driven Soft Matter	Huber	Poly electrolytes	Polymerphysics	Micro- and Nanofluidics II	Andrienko	
15:00-15:15															
15:15-15:30															
15:30-15:45	Gabriel			Symposium Driven Soft Matter	Colloidal and Nanoparticle	Membranes									
15:45-16:00															
16:00-16:15															
16:15-16:30	Poster A			Rehberg											
16:30-16:45															
16:45-17:00															
17:00-17:15	- Symposium Rheology - New Materials - Dynamics and Diffusion - Membranes + Biological Systems														
17:15-17:30															
17:30-17:45															
17:45-18:00															
18:00-18:15				Single Molecules											
18:15-18:30															
18:30-18:45															
18:45-19:00															
							Poster A - Symposium Driven Soft Matter - Micro and Nano Fluidics - Colloids and Nanoparticles								
										Poster A Polymerphysics					
							CPP General Meeting
